FORM CRS-CLIENT RELATIONSHIP SUMMARY

We are an investment adviser registered with the Securities and Exchange Commission. We offer advisory accounts and services rather than brokerage accounts and services. This document is a summary of the types of services we provide and how you pay. *Suggested questions to ask us regarding our firm and the services we offer are at the end of each section.*

Heritage Financial Planning (HFP) employs a fundamental, long-term, buy-and-hold philosophy with regard to investment advice. We favor a passive approach to investing. We recommend proper asset allocation using models based on research by our team of experts and constructed for the client's personal financial situation. We perform an asset allocation analysis using our best judgment to help the client achieve their overall financial objectives and goals while minimizing risk exposure. We believe that the appropriate allocation of assets across diverse investment categories (i.e., stock vs. bond, foreign vs. domestic, large cap. vs. small cap., high quality vs. high yield, etc.) is the primary determinant of portfolio returns and is critical to the long-term success of a client's financial objectives and goals. We recommend specific investments, primarily low-cost, no-load, index investments, to fill out the recommended asset allocation. The asset allocation model is maintained by rebalancing annually or as often as necessary as determined by the advisor.

WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER? HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?

We are held to a fiduciary standard that covers our entire investment advisory relationship with you including monitoring your portfolio, investment strategy, and investments on an ongoing basis, among other requirements.
